

## Parents supporting parents

Volunteers work alongside families to give compassionate and confidential support, tailored to each family.

Our volunteers are trained and given expert support from Home-Start Knowsley so they can offer the best support to families.

The Jigsaw Project is a support network for all Knowsley parents and carers that have a child/children with complex needs, diagnosed or not.

Often families tell us that they are given a diagnosis for their child or told their child needs a referral onto a pathway but then are offered no further information or support. It can be incredibly scary and isolating.

The Jigsaw Project offers 1-1 support and will help you to find the right information, training, funding, and provision for your family. Whether it be emotional support, advocacy at meetings and appointments or assistance to link you in with other agencies. We are here to help you and your family.

Our groups are listed overleaf.
